

Tax Policy

It is the Company's policy to conduct business with transparency and integrity on the basis of corporate governance, striving to be a growing organization with values and responsibilities in respect of tax, in order to add value to the economic and social system; upholding and adhering to the provisions of the Revenue Code and tax law relating to the business' conduct; complying with the provisions in respect of tax disclosure to the relevant government officials and organization, including public disclosure for the best interest of the shareholders. In this regard, the Company has set forth the following tax strategies to ensure that our tax management is proper and efficient:

1. Respect, uphold and comply with the applicable law, regulations, and rules.
2. Regularly monitor changes to tax measures and properly submit the tax to the government, or accurately request for tax refund within the time stipulated.
3. Take into account the risks involved with tax to ensure that there are risk indicators and management in respect of tax, in order to properly minimize the risks that may occur.
4. Efficiently utilize tax incentives in accordance with the laws, under the sustainable and suitable business' conduct, in corresponding to the principle of tax efficiency of the tax system according to the set forth objectives. Tax incentives may include tax exemption from time to time or any other benefits under the national tax policy.
5. Disclose tax information to the government authority and the public with transparency by adopting the disclosure standards and reporting standards of the financial reports and annual reports of the Company in order to build the trust of the stakeholders.
